\$99k

Financial Challenges Overcome:

Manual revenue recognition

Bottlenecked quote-to-cash process

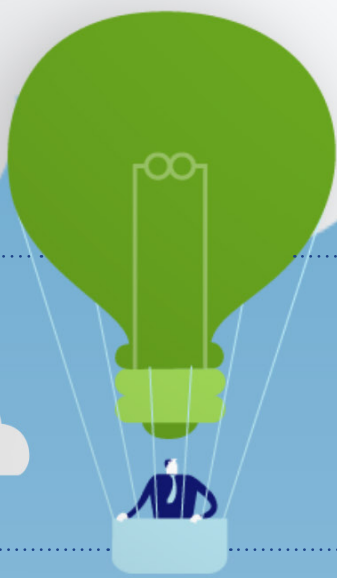

Incomplete view of project financials

Inefficient subscription billing and renewals

Tedious, manual consolidations and close processes

“It frees our accounting staff to spend time on more strategic, value-added activities.”

- Voltage Security

Results:

Real-time financial and operational visibility

“The improved quality of the data [provided by cloud accounting] allows us to spend less time searching for information. People don’t need to ask accounting for data, which increased productivity for everyone.”

-Canto

Accelerated financial consolidation and close processes

“[Cloud accounting] offers the flexibility we need for our multi-entity business and easy integration with our other business applications.”

-The Knowland Group

Streamlined revenue recognition and management

“It used to take our finance team a significant amount of time each month to manage our revenue recognition. Now, I can look at my dashboard for real-time information.”

-OnShift

Streamlined Quote-to-Cash Process

“The ability to integrate with Salesforce offered us tremendous value. Getting the invoices out the door faster means we get paid faster.”

-Bulk TV & Internet
